

SANGO MOVEMENT LAB

Concierge Physical Therapy · Clarksville, TN

A referral partner for orthopedic providers — one-on-one care with a Doctor of Physical Therapy and advanced recovery technology, delivered in a calm, private studio.

WHY REFER TO SANGO

Doctor-led, one-on-one Every session is delivered by a DPT. No techs, no shared appointments.	Advanced recovery tools Delfi PTS blood flow restriction, dry needling, and manual therapy in one program.
Protocol-aligned plans Treatment built around your surgical protocol and the patient's functional goals.	Closed-loop communication Concise progress notes and milestone updates sent back to your office.

SIGNATURE SERVICE · DELFI PTS BFR

The gold-standard Personalized Tourniquet System lets patients build strength and preserve muscle at 20–30% of normal load — ideal when traditional loading is contraindicated.

Ideal for: total joint replacement · ACL reconstruction · rotator cuff repair · meniscus and tendon procedures · return-to-sport.
